# Program Descriptions

Lambton Elderly Outreach provides subsidized transportation with United Way's funding. This allows the program to continue to be available, regardless of a person's financial situation. This is especially important to our rural seniors. Clients can use the transportation services for medical appointments and social functions. The target population is adults over the age of 65 or persons with a disability.

Lambton Elderly Outreach also provides subsidized Meals on Wheels with United Way's funding. They provide 2 separate options, frozen meals throughout the entire Lambton County, and hot meals provided in 5 separate areas: Petrolia, Corunna, Port Franks, Thedford and Forest.

Proof of income is required for both programs in order to receive subsidized rates.
